Dear Sir,

As discussed, we require 150 kg of 24 SWG Copper material. Kindly share your quotation at the earliest.

Upon receipt of your quote, I will proceed with releasing the purchase order.

Best Regards,

Imagine wasting 30% of food on your plate, every time you eat. That's pretty much what's happening with over 50% of world's electricity used to run electric motors operating at inadequate efficiencies. We challenge this by constantly developing and optimizing electric motor technologies for higher e
