Dear Sir,

Thank you for your reply.

The rotor end plate is a 2-cavity tool with a tool life of 1 lakh shots, giving a total coverage of 2 lakh pieces.

Kindly share the vendor registration form. I will update the PO accordingly

Best Regards,

Dear Yuvaraja,

Greetings from SFL Autolec.

Thanks for your LOI.

We wish to convey that the Tool life for Rotor plate is not acceptable.

Please correct it and resend.

Regards,

Dear sir,

Greetings.

Please find the attached Letter of Intent (LOI) for your reference.

Kindly initiate the tool development activities at the earliest. The current lead time of 3 months is quite high; we request you to consider reducing it to 9 weeks if possible.

kindly share the tool development time plan for review during weekly team meetings

The PO will be released by the end of next week. Please find below the advance payment terms:

- Tool Advance: 40% (Initial)
- 40% at the time of sample trial
- 20% upon PPAP sample submission

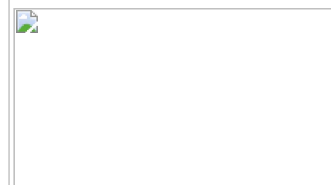

These are as per the our company policy.

Best Regards,

Dear Team,

As discussed during today’s visit to your factory, we accept the price mentioned below. Kindly proceed with tool development activities and the feasibility study.

@Bharathan Sir,
As per our customer timeline, sample submission is required by the first week of July.

Kindly ensure the timeline is aligned with our requirement.

I will share the LOI by tomorrow.

Part No	Part Description	Component Cost (INR) LME 325	Tool & Fixture Cost ((Lakh)	Target Date for Sample Submission	Remarks
AR11138	Front Endbell Machining	₹ 1,015.79	₹ 45.00	July - first weeks	Tool Life One lakh short
AR011140	Rear EndBell Machining	₹ 610.69	₹ 45.00	July - first weeks	Tool Life One lakh short
AR011142	Rotor Plate Machining	₹ 61.80	₹ 8.00	Jun -first Weeks	Tool Life Two lakh short

Dear Sir,

As discussed, please find attached our working sheet for your reference.

The rotor end plate machining has been removed. Kindly review the latest drawing.

Kindly confirm the feasibility and share the mould flow analysis along with your lead time.

Please also provide the lead time for the development of the 3-mould tool.

Proposed tooling payment terms are as follows:

- First advance: 30%
- Second payment: 40% upon trial sample submission
- Final payment: 30% upon PPAP approval.
