Annexure-A

TOOLING AMORTIZATION - TECHNICAL & COMMERCIAL TERMS AND CONDITIONS

Applicable to:

Purchase Order No.: PO 030 / AR/PO/030/26-27

Supplier: Sri Balaji Assemblies & Plastics Pvt. Ltd. - Unit V

Customer: Abhinava Razel Private Limited (ARPL)

Scope: Plastic Part Tools.

1. Scope of Supply

- 1.1. This annexure defines the technical, quality, commercial, and legal requirements governing the design, manufacture, qualification, and supply of 4 tool, and accessories, as specified in the Purchase Order.
- 1.2. The tools covered under this PO are intended for series production and shall meet all requirements for repeatability, durability, and PPAP readiness.

2. Technical Requirements - Plastic Part Tooling:

- 2.1. The Bearing Sensor Cover, Terminal Cover, Phase cable Holder and Lug Holder Assy tools shall be designed and manufactured in accordance with:
 - Approved component drawings and revision level.
 - Material specifications and SOR issued by ARPL.
 - Applicable automotive manufacturing standards and best practices.
- 2.2. Tool design shall ensure:
 - Stable metal flow, controlled solidification, and minimization of shrinkage, cold shuts, and gas entrapment.
 - Adequate **draft angles, fillets, and wall thickness uniformity** suitable for Plastics die casting.
 - Robust thermal management through optimized **cooling channels / chills**.
 - Ease of operation, maintenance, and part ejection.
- 2.3. Tool steel grades(if any), and wear inserts shall be selected to achieve the specified **minimum tool life is 5-Lakh Shots**.

3. Tool Design Review & Go-Ahead (TGA)

- 3.1. Supplier shall submit the following documents for review and approval prior to tool manufacturing:
 - 3D CAD model of complete tool assembly.
 - 2D detailed drawings including sections, tolerances, and materials.
 - Gating, runner, riser, venting, and cooling layout.
 - DFM (Design for Manufacturability) considerations.
- 3.2. Manufacturing shall commence **only after written Tool Go-Ahead (TGA)** approval from ARPL.
- 3.3. Any change post-approval shall require prior written consent from ARPL.

4. Responsibility Matrix:

4.1. Supplier Responsibility

- Complete tool design, detailing, manufacturing, assembly, and proving.
- Tool performance to meet dimensional, metallurgical, and visual quality.
- Achieving tool life and cycle time targets.
- Rectification of all tool-related issues during trials and production ramp-up.

4.2. Customer Responsibility

- Timely release of drawings, SOR, and technical inputs.
- Review and approval of submissions.
- Sample approval and PPAP sign-off.

If you are not the intended recipient(s), please destroy all copies of this document. Any form of reproduction, dissemination, copying, disclosure, modification, distribution and / or publication of this document without the prior written consent of authorized representative of Abhinava Razel Private Limited is strictly prohibited and may be unlawful.

5. **Tool Trials & Qualification:**

- 5.1. Supplier shall conduct tool trials to demonstrate:
- Dimensional compliance.
 - Visual quality acceptance.
 - Functional performance under production-like conditions.
- 5.2. Tool qualification criteria:
- Minimum **3 consecutive OK samples per cavity**
 - Dimensional inspection report (FAI).
 - Visual and casting quality approval.
- 5.3. Tool shall be considered **qualified only upon written approval** from ARPL.
- 5.4. Any rework required to meet approved specifications shall be done **at supplier's cost**.

6. **PPAP Alignment (Automotive):**

- 6.1. Tooling and sample approval shall be aligned to **PPAP Level 3** requirements unless otherwise agreed.
- 6.2. Supplier shall support submission of the following PPAP elements:
- Design records (latest released drawings).
 - Dimensional results (FAI).
 - Material certificates for casting alloy.
 - Process flow diagram (Proto process).
 - Control plan (casting + trimming/inspection).
 - Tool trial and capability data (where applicable).
- 6.3. Any non-conformance identified during PPAP shall be corrected by supplier at no additional cost.

7. **DFM Support:**

- 7.1. Supplier shall proactively provide DFM inputs covering:
- Casting feasibility.
 - Draft optimization.
 - Gate and riser improvements.
 - Ejection and handling simplification.
 - Cycle time reduction opportunities.
- 7.2. All DFM changes shall be documented and implemented only after mutual agreement.

8. **Warranty & Performance Guarantee:**

- 8.1. Supplier warrants that:
- Tool is free from defects in design, material, and workmanship.
 - Tool shall meet the guaranteed life of 500000 shots.
- 8.2. Any failure attributable to tool design or manufacturing defects during the warranty shall be rectified **free of cost**, including parts, labour, and trials.

9. **Documentation & Deliverables:**

At tool handover, supplier shall submit:

- Final approved 2D & 3D tool drawings.
- Tool material and heat treatment certificates.
- Trial and qualification reports.
- Gauge drawings and inspection reports.
- Tool operation and maintenance manual.

All documents shall be provided in **soft copy** (PDF and native CAD).

10. **Tool Ownership & Confidentiality:**

Any form of reproduction, dissemination, copying, disclosure, modification, distribution and / or publication of this document without the prior written consent of authorized representative of Abhinava Razel Private Limited is strictly prohibited and may be unlawful.

10.1. Upon full payment, the tool shall be the exclusive property of ARPL.

10.2. Supplier shall not copy, modify, or use the tool for any third party without written authorization from ARPL.

11. Commercial & Payment Reference:

- **40% Advance Payment:** Payable upon issuance of Purchase Order (PO) and acceptance of all technical and commercial terms.
- **40% on Sample Trial Completion:** Payable upon successful completion of sample trial and submission of trial reports for approval.
- **20% on PPAP Submission:** Payable upon submission of PPAP documents as per agreed customer requirements.

12. Dispatch terms:

12.1. 60 days lead time for tool starting from Apr 29,2026, i.e., on or before Jul 15,2026.

13. General Terms:

13.1. Delivery timelines committed by supplier are binding.

13.2 All materials and goods shall, in every respect, be equal to description, specification, and to previous approved supplied (if any) or samples (if any) and shall be subject to Company's inspection and approval within a reasonable time after delivery and if rejected, shall be held at the supplier's risk and returnable at the expense of the supplier and shall not count as having been delivered unless the Company elects to make the materials and goods fit the purposes in which cases the supplier shall be debited with the cost of such rectification.

13.2. Any delays shall be communicated in writing with corrective action plan.

13.3. This annexure shall prevail over supplier's standard terms in case of conflict.

13.4 Unless otherwise agreed to, all goods are to be supplied carriage paid to the Company factory or to such other place as may be directed by the Company

14. In case of any disputes and or differences arising out of this contract, the same shall be resolved through Arbitration and the provisions of Arbitration and Conciliation Act 1996 shall apply. The venue of Arbitration shall be only at Chennai and courts in Chennai alone shall have jurisdiction.

Thank you very much. We look forward to an exciting journey together.

Yours Sincerely,

For ABHINAVA RIZEL PRIVATE LIMITED
