Terms & Conditions

PCB FABRICATION:

1. There can be quantity variation of +/- 5 to 7%.
2. Any discrepancy in PI need to be confirmed back within 24 hours.
3. "Our liability is limited to the value of the bare PCB only" in conformance of merchandise.
4. In case of any clarification in technical inputs, revised Shipment date will be communicated.
5. Even though we take utmost care to deliver your orders on time, due to nature of our manufacturing industry, there may be some delay in delivery. Which one beyond our control. We will not be able to accept any claims related to delivery term.
6. Date of delivery/Lead time mentioned in PI is the date of dispatch from our side.
7. We take utmost care in selecting a mode of transport, but in case of any damage or loss of material or delay in transit, we will not be able to accept any claims.
8. For any query or clarification in our PI, revert back within 24 hours from time of PI. No changes/claim will be acceptable later on.
9. Delivery terms are subjected to receipt of final inputs and clarification on queries raised on your inputs.
10. We recommends storage of its products in an environmentally controlled and dust free area as per IPC standards.
11. It is recommended that PCBs should be baked for 2 Hours before assembly/component mounting on it.
12. Usage of PCBs after 45 days from the date of invoicing requires particular process and quality checks before being used for assembly. NSquare Bros will not accept any claim after 45 days from the invoice date.
13. In no event shall NSquare Bros be liable to you or to any third party for any indirect, incidental, special, consequential, punitive or exemplary damages (including without limitation lost profits, lost savings, or loss of business opportunity) arising out of or relating to any product, even if NSquare Bros has been advised of the possibility of such damages. Subject to the foregoing, in no event shall the liability of NSquare Bros relating in any way to any product exceed the purchase price for the product, regardless of the legal theory asserted for such liability, whether in contract, tort, warranty or otherwise. You acknowledge that the amounts payable for the products are based in part on these limitations, and you further agree that these limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.

PCB Assembly:

1. The above prices are offered, considering the PCB assembly for indicated quantity.
2. Components in required quantity (10-15 % Buffer) to be provided by the customer.
3. IQC of components is assumed to be the responsibility of Customer.
4. To commence the mfg. process, issue of materials/Kit should be in complete.
5. Documents related to manufacturing practices, special measures document to be shared with P.O
6. The scope of work is limited to Forming, Stuffing, Manual Soldering or SMT, Visual inspection & cleaning.
7. No claim against the Company shall be entertained for any defect arising from any design or specification provided or made by the Customer or if any adjustments, alterations or other work has been done to the Goods by any person except the Company.
8. Any dates quoted by the Company for the delivery of the Goods are approximate manufacturing days only and shall not form part of the Contract and the Customer acknowledges that in the performance expected of the Company no regard has been paid to any quoted delivery dates.
9. Ensure the supplied components are in reels/trays and not in cut tape/loose form.
